Subject:	(Item to be Heard at Approximately 1:00 PM) Discuss and take appropriate action regarding the adoption of an Order calling for a Bond Election to be held in El Paso County on May 3, 2025. (Contract No. 2025-0145)
Background:	<p>El Paso County's multiyear capital plan is a strategic financial roadmap guiding long-term infrastructure investments. Initially adopted as a fiscally unconstrained planning document in February 2024, it outlined approximately 100 potential projects without committing County funding. Instead, it served as an internal tool to identify capital needs and opportunities over the next five years.</p> <p>The County Bond Advisory Committee used the plan to assess funding priorities, conducting two public engagement rounds and nine work sessions before forming a recommendation for Commissioners Court. After four additional capital planning workshops in late summer 2024, the Court approved placing a general obligation bond election on the November 5, 2024, ballot to fund various capital improvements.</p> <p>Following the election, the Court has begun its capital planning process and will ask voters to reconsider improvements to the County Coliseum, originally proposed under Proposition D in the November 5 bond package. If approved, the Order would place the stand-alone ballot proposition on the 2025 Uniform Election on May 3, 2025. The project scope of work and financial details are attached to the agenda item.</p>
