(Contract No. 2024-0779)

**Background:** The proposed changes under the Office of the Governor's Antiterrorism and Emergency Assistance Program (AEAP) grant, is to amend the Programmatic Measures. The target measure was initially set for 30 sessions. Thus far, 6 sessions have been completed year to date, with 3 additional planned for the upcoming final quarter (July – September) for a total of 9 sessions. Initially, the subrecipient offered clinical support groups, but due to low participant interest, they transitioned to peer support groups using Parent Cafes. This change resulted in improved engagement. Therefore, we are submitting a Programmatic Adjustment to revise the target for the "Number of group sessions held" as allowed by the funding agency.
