<b>Subject:</b>	<p>(ARP Project No. 1371) Approve and authorize the County Judge to sign the El Paso County American Rescue Plan Act Notice of Funding Opportunity Subrecipient Agreement Amendments with the following community partners and agencies: PHIX (2024-0427), Candlelighters of El Paso (2024-0658), Project Arriba (2024-0667), El Pasoans Fighting Hunger Food Bank (2024-0669), La Posada Home (2024-0673), and Paso Del Norte Children’s Development Center (2024-0689). Funds are available in SG-ARPLAN21-OPERATING EX.</p>
<b>Background:</b>	<p><b>Explanation of Amendments:</b> These amendments are intended to extend the original agreement terms with the listed agencies to end instead on 10/31/24 in order to allow them an additional month of time to spend down the funds allotted to them by the County using American Rescue Plan funds. With this term extension, some minor budget modifications have been made to their project line items without making any changes to the total award amounts. No additional funding is required for any of these amendments.</p> <p><b>Original Background:</b> The County received \$163 million in American Rescue Plan funds. The funds are to be used for purposes obligated to no later than December 31, 2024. The Court approved various appropriations for a number of critical projects within the ARPA Portfolio in late October 2021. The Court directed staff to explore options on implementing publishing a Notice of Funding Opportunity (NOFO) to provide direct aid and assistance to the local nonprofit community. Earlier this year, the Court authorized contracting the Paso del Norte</p>

Foundation to help establish and manage the \$9.7M allocated within the Portfolio for nonprofit agency assistance.

The Foundation completed the public outreach portion of their contract and presented the findings of the listening sessions for the Court's review, in addition to providing benchmark information to the Court on the rules and procedures other agencies have set to disburse CARES Act or ARPA funding. After the Court provided direction and guidance to staff at the April Special Session meeting, the Court finalized the scope of the notice of funding opportunity, thereby clearing the way to publish the final NOFO in May.

The deadline for this NOFO closed in June and applications were reviewed by an external review team in July and finalists were internally vetted in August. The Court took action and selected the finalists in October.
