

Z Bar Supply Company LLC

TO: El Paso County Sheriffs Dept

FROM: Z Bar Supply Company LLC

REGARDING: Sole source justification for purchase of complete rifle packages for specialized weapons and tactics unit.

To Whom it may concern,

Being a Texas based small business, Z Bar Supply is focused on and dedicated to our Texas law enforcement agencies and have a strong working relationship with multiple agencies throughout our state. I have personally worked with the deputies in the El Paso County Sheriffs department for over 10 years in various units. Because of our strong business values and core beliefs, we take pride in providing products at competitive and honest pricing. In addition to that, we consider it the upmost importance to provide the best customer service possible. This letter will provide the needed information to show why purchasing this rifle package through Z Bar Supply is justified as a sole source.

Through direct meetings and a demonstration day on February 10th, Z Bar Supply and TRIARC Systems met at the counties weapons range to provide a demo and go over key points of the weapons systems and accessories. The team and command staff selected the 12.5" 5.56 TRIARC Systems TSR-15 Law Enforcement carbine with HUXWRX 556K FLOW suppressor. The carbine is equipped with the Eotech EXPS3-0 NV compatible holographic weapon sight and Surefire 640 Turbo weapon light with Unity AXON pressure switch and mounting kit. The package also includes the Eotech On Gun Laser (OGL) to be utilized in low light and night vision environments. Each rifle package will include a soft carrying case along with a hard polymer transportation case. Each rifle package will come with three different slings to be utilized by the end user for different tactical applications.

Z Bar Supply is the sole Law Enforcement distributor for TRIARC Systems. (TRIARC Law Enforcement Distributor Sole Letter attached). Z Bar Supply is proud to have a location in Muleshoe Texas and can be onsite within 5 hours notice if any need was to come up. TRIARC and Z Bar Supply offer 72-Hour Rifle replacement (Pending ATF Approval) if a rifle is down for repair or administrative reasons such as an OIS. Z Bar and TRIARC will supply the carbine, sighting system and accessories if this was to occur.

The TRIARC Systems 12.5" Carbine uses proprietary items like their TRACK 2.0 barrel rifling (PATENT NUMBER WO 2013074132 A1), 7 Sided Wedge Lock MLOK handguard, NP3 Coated BCG, enhanced extractor springs, enhanced buffer system and ambidextrous fire control parts and charging handle. Along with a pinned gas block to ensure it will not come loose during stress and heat from the barrel. Both the upper and lower are hand fit and then laser etched with serial numbers to ensure they are properly matched back to the correct carbine.

TRACK is a proprietary rifling known as Single Edge Polygonal (SEP) available only through TRIARC Systems. The primary function of this innovation is to provide an

Z Bar Supply Company LLC

improved rifling for the gun barrel, which has a single edge area and a polygonal area separating the grooves. In essence, it is a combination of standard and polygonal rifling. This hybrid reduces any substantial deformation of the bullet due to its minimal engraving. It allows the bullet to move more symmetrically along the barrel, enabling a straighter line towards the target. Furthermore, the tighter seal of the projectile reduces forward escaping gases, and therefore, minimal loss of gas pressures. Ultimately, this design has the capabilities of shooting match grade ammunition at sub MOA accuracy.

TRIARC's company policies place Law Enforcement Clients as priority regarding customer / warranty services that allows for faster service and the opportunity to create a long-lasting working relationship with your department. This purchase qualifies for a free Unit Armorers Course through our training program. TRIARC would come onsite to provide the class at no cost to the agency. There is a lifetime warranty on all parts.

Z Bar Supply is the only source for this package of items requested by the El Paso County Sheriffs Dept SWAT team. Please reach out for any questions you might have. We are proud to offer the most competitive pricing on this package available.

Thanks

Zack Jones

Z Bar Supply Sole Source Law Enforcement Distributor Letter

TRIARC Systems, LLC is a company composed of individuals with various backgrounds of military service. Based on our experience, we understand the need to depend on and trust an issued weapon system. We admire the role that law enforcement officers fulfill in our community and believe they should never have to second guess the reliability of their equipment. That is why our mission is to provide tailored solutions and weapons systems for professional end users, especially where needed most -- the law enforcement community.

Z Bar Supply Company LLC in Muleshoe Texas is our sole law enforcement sales distributor for TRIARC Systems products.

- Customizable features for the end user to control, such as ambidextrous charging handle and safety selectors.
- Proprietary TRILOK Rail featuring Wedge Lock Mounting Systems, 7-sided MLOK Rail slots and steel sling QD inserts only offered by TRIARC Systems.
- Proprietary TRACK 2.0 barrel that features Proprietary Single-Edge Polygonal Rifling that allows for greater accuracy - PATENT NUMBER WO 2013074132 A1
- Nickel Teflon (NP3) Bolt Carrier Group to improve reliability, resistance to corrosion, reduced friction, and ease of maintenance.
- Enhanced springs that not only give the weapon system better stability, control, and reliability, but also increase service life.
- Lifetime warranty on all parts.
- 72-Hour Rifle replacement (Pending Production and ATF Approval) if a rifle is down for repair or administrative reasons.
- Trade-in program to allow your department to apply the value of equipment, that is no longer in use or past its service life, to the balance of the invoice issued by TRIARC Systems.
 - *Note: Value of equipment traded in will be assessed by TRIARC Systems, with a maximum value of \$300 per rifle. All traded in equipment that is sold will be in accordance with BATFE regulations and all department markings will be removed before resale.

Our company policies place Law Enforcement Clients as priority regarding customer / warranty services that allows for faster service and the opportunity to create a long-lasting working relationship with your department. Also, any department that purchases our weapon systems is eligible for a free Unit Armors Course through our training program.

In addition, our commercial insurance policy includes General Liability Insurance coverage of One Million Dollars (\$1,000,000.00) per occurrence.

If you have any questions or concerns, please do not hesitate to contact our Law Enforcement Support Team (LE@triarcsystems.com). Lastly, a list of references from other Law Enforcement Agencies that currently have our rifles and other products in active service is included below.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris", with a long horizontal flourish extending to the right.
